### B. PERSPECTIVE

This is a photograph of a street scene. The perspective is clearly defined by the large trees on the left and the receding lines of the sidewalk and street. The people in the foreground appear smaller than those in the background, illustrating the effect of distance on size. The lighting creates strong shadows, emphasizing the three-dimensional nature of the scene.

*Abbot Walter Coggin  
Chancellor  
1959 - 1970*

*Abbot Walter submitted his resignation as Abbot to Pope Paul VI and it was accepted and approved as of Wednesday, February 11, 1970. Father Abbot rose to the position of Vicar-Coadjutor of Belmont Abbey in 1956, and was elected the third Abbot-Ordinary of Belmont Abbey Nullius on November 25, 1959.*

*He has served as Chancellor of Belmont Abbey College since 1956, and also served as its President from 1965 until 1967.*

*It is with great admiration and sincere gratitude that we, the students of Belmont Abbey College, recall his tenure and wish this "good and faithful servant" Godspeed.*

*Fr. Jude Cleary  
President*

*A college community is a living institution in which many ideas, attitudes, and passions thrive. Maintaining the order of a college, therefore, requires a man who is quiet but efficient, a man who can sensitively discern the turmoil that is inherent in a closely defined social environment.*

*Fr. Jude has displayed these characteristics. He has performed admirably in the face of numerous pressures: those which have arisen from the changing complexion of student attitudes, and others which have come as a reaction of the ultimate governing powers to these student attitudes. Delicately walking that proverbial thin line between irresponsible kow-towing to wanton student gripes and a closed-fisted institutional absolutism, Fr. Jude has proven to be a more than able administrator.*

*The Senior class of Belmont College, like all others in every college or university, find themselves not being in love with the college so much as with that place as a part of life which can not be ignored or forgotten, with influence to a vast series of names, places, events and times that have changed him; caught between a desire to be free of the life and a fear of losing it.*

*Despite claims to the contrary, the senior year is more than a period of sophistication and social prominence. It is a time of learning, of realizing that people are what they are and not what you would like them to be, that the great ideals which we held as students are not unattainable, that the old ways of doing things in this life are not unchangeable, that the only way to advance in this life is to work hard to achieve. And it is a time of worry, of planning for the uncertain future, where plans for jobs, careers and marriage become intermixed with — perhaps — the other events of our time. For the senior, having come so far in preparation, is faced with the problem of the time which follows.*

## *Spire, 1969-1970,*

has, as always, been an attempt to tell the story of the academic year. Once again, certain activities and events are missing due either to deadline dates or lack of space. We regret this year that baseball has had to be omitted. Coach Crunkleton and his fine squad of Abbeymen deserve recognition for a job perennially well done, the season began too late for coverage this year. We further regret that the blessing of our new Abbot-Chancellor, Fr. Edmund McCaffery, did not come in time for this printing.

*This book is printed for the students and it is their story, their sentiments, their growth we attempted to portray on these pages.*

We would like to especially thank Mr. J. P. Smith for his encouragement and Mr. Lloyd Mahaffey and Delmar for their patience and assistance and, of course, Fr. Kenneth Geyer for his undying interest.

## Opening the Athletics

Seasons at BAE was Soccer which continued to be a strong sport. Our 8-4 record, however, did not allow us to attend the regional playoffs because of a rule change. This was the first time in four years that the Abbey has not participated in a post-season tourney. Last year's strong basketball squad was dealt a severe blow in May, 1969. Nevertheless, the team, beset by academic and political events, made a strong showing by trying to make the best of a bad situation. The baseball team, loaded with talent, hopes to maintain its reputation as a small college power.

## The Activity

A middle-class college student walks slowly down a college lawn, thinking college, on a college campus where there are little signs of college dorms, the college cafeteria, the dorms, the dorms of college life. But before long, the college sun sinks slowly behind the horizon of the search of college activities.

*Abbeymen were forced to face the racial Conflict facing all America in Spring, 1969, as seven black men demonstrated for recognition on the campus.*

*Presidents Eisenhower, Kennedy, Johnson and Nixon willfully or inevitably have maintained an overseas military commitment for fifteen years. Concerned and conscientious students, faculty members and administrators reflected the troubled spirit at Belmont Abbey and the nation when they asked our national leaders to reconsider our military, economic, social and especially moral involvement in Asia.*

**October 15, 1969,**

*united the dissent at Belmont Abbey with a national mobilization; three films, a Mass for Peace, an evening symposium, and participation in a peace march in Charlotte . . . all were supported by Belmont Abbey's corps of effete snobs for American disentanglement and national moral commitment to peace.*

*We have been proud to be the contractor of this building*

An ornate, decorative illustration for ARA-SLATER School &amp; College Services. The central focus is a large, tiered display stand filled with various desserts like cakes, pastries, and ice cream. To the left, another tiered stand shows a chef preparing food. A small bird sits on the leftmost tier. A banner at the bottom left reads "your campus dining service". The main sign for "ARA-SLATER SCHOOL &amp; COLLEGE SERVICES" is prominently displayed in the center. Below it, smaller text indicates "headquarters at Independence Square, S.W. Philadelphia, Pennsylvania". A small logo for "ARA SERVICES" is also visible.

*After everything has been said about the Sixties, nothing here will seem new. But looking back, especially over the past four years, the Sixties marked an epoch in time, the epoch which was ushered in by Neil Armstrong and Edwin Aldrin.*

*But lest we forget, that giant step for mankind only serves to remind the three billion left behind that the longest step has yet to be made, much less to be agreed upon. That step is the determination of man to live in peace and brotherhood. Looking back on the Sixties, Vietnam and all the other vietnams underscore in red the fact that we must take that step.*
